

GARDENERS WANT PUBLIC MARKET

Present Petition to Council Committee Asking for Establishment of Reserve.

CITY COULD MAKE MONEY

FARMERS SAY PROPOSITION WOULD BE DIVIDEND PAYER.

A delegation of truck gardeners from Centerville and Farmington attended the council meeting last night, to present reasons for the granting of a petition filed by them last Monday night for the establishment of a city market place where they may have space for their truck wagons on market days.

The members of the council are J. P. Smith and David F. Smith of Centerville and J. T. Williams of Farmington. There was not a quorum of the committee on markets and streets, and the trip of the delegation was fruitless. They insist, however, that they will continue in their efforts to secure a hearing until they have fully explained their proposition to the members of the committee.

"If the city cannot provide a market place for the truck gardeners," said David F. Smith, "we will be willing to let the city to apportion certain streets for our use in the mornings. If the streets are marked off in spaces eight or nine feet wide, next to the sidewalks, and these spaces are numbered and reserved for the wagons bearing corresponding numbers, we will be willing to pay for these spaces."

Hardship Now Worked. "As it is, we have to leave our homes as early as 11:30 o'clock the night before, and from that time to 2 o'clock in the morning, to get a space where the buying is done. That is a hardship on us, and if the street is spaced and numbered, we can leave later in the morning, knowing that we can get a space."

"The market gardeners will be willing to pay a rental of from \$5 to \$8 a season for these spaces. We believe that this rental will pay the city more than it will cost to keep the street clean."

"If a market is established, say in the middle of one of the city blocks, where the gardeners can stand during the day, we will be willing to pay a rental of \$10 a month. The market gardeners' business is increasing in this city, and the population is increasing so rapidly that a public market is a genuine necessity. Such markets are provided in nearly all of the cities of the east, many of them not so large as Salt Lake."

Would Pay Dividends. "We believe that if such a market is established, and properly paved and drainage facilities are provided, it would pay for itself in a few years in rentals, after which the city could gain a handsome profit. An investment of \$25,000 would be sufficient to build a market and the city would be a dividend payer."

"With such a market place, the producer would be protected from the middleman, and could give them better care. The consumer, on the other hand, would have the chance to inspect a greater variety of goods, and could get a better quality of stock. The benefit would be mutual. The dealer could leave his home several hours later in the day, knowing that his space would not be filled, and it would be better all around."

The petition will come up before the committee to which it was referred at their next meeting.

SWORN IN ON HIS SICK BED

W. M. McCrea, Newly Appointed Assistant District Attorney, Takes Oath of Office.

William M. McCrea was sworn in yesterday afternoon as assistant district attorney, to which office he was recently appointed. Mr. McCrea has been ill and confined to his bed for several days, so the oath was administered to him at his residence, 462 East First South street, by a notary public.

To Frannie, Wyo., and Return.

Via Oregon Short Line through Butte, Mont. Tickets on sale Sept. 1 and 3, limited to thirty days. Through tourist sleeper will be provided via this line, which is the only direct route. See O. S. L. agents for further particulars.

Famous German beers imported for us now on draught, "Pilsener Burgerbrau" and "Munchner Hofbrau," Heidelberg Annex for ladies, Karl H. Mayer, The Heidelberg.

Hay Fever and Summer Colds.

Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and heals the inflamed air passages, and even if it should fail to cure you it will give instant relief. The genuine is in a yellow package. F. J. Hill Drug Co., the never substitutes.

Capital, high-class, home product clear.

When you hold the security yourself, you need not worry.

Our 6 per cent certificates have the securities, which are turned over to you. In addition to this security, you have our assets of over a million.

Thus you get 6 per cent with double security.

OF STANDARDS OF FOOL MURDERS

Many Citizens Testify in Trial of Health Commissioner for Creating Nuisance.

RESPONSIBILITY IS SHOWN

SAY FILTH WAS DUMPED BY STEWART'S ORDER.

The trial of Health Commissioner M. R. Stewart, on a charge of creating and maintaining a public nuisance by converting Horseshoe Bend, between Ninth and Tenth West and Third and Fourth South streets into a public dumping ground, was carried on through two sessions of court before Justice of the Peace Dana T. Smith yesterday, and was continued until 9:30 o'clock this morning. The trial is being held in the civil division of the city court, in the joint building.

The Rev. J. H. Worrell, complaining witness, who testified Wednesday, was recalled yesterday morning, and gave further evidence regarding the location of the dump, as compared with that of various houses. He said that he had seen a number of wagons unloading refuse to garbage there and had taken the numbers of several city wagons.

The Rev. J. H. Worrell, complaining witness, who testified Wednesday, was recalled yesterday morning, and gave further evidence regarding the location of the dump, as compared with that of various houses. He said that he had seen a number of wagons unloading refuse to garbage there and had taken the numbers of several city wagons.

Others Were Nauseated. Q. Ireland was then called. He testified that he lives at 1026 West Third South street. He said that the odor from the dump came into his house at night, but the witness would not admit this. He declared that he had experienced no trouble from the odors until the city garbage wagons began to unload their filth in the neighboring property.

Q. Ireland was then called. He testified that he lives at 1026 West Third South street. He said that the odor from the dump came into his house at night, but the witness would not admit this. He declared that he had experienced no trouble from the odors until the city garbage wagons began to unload their filth in the neighboring property.

PRaises Women's Work

Bishop Moore Talks at Utah Methodist Conference of Their Influence.

TOUCHES ON CATHOLICS

DISCUSSES MISSIONARY WORK AT HOME AND ABROAD.

Woman's influence in church affairs was praised by Bishop David H. Moore at the thirty-sixth annual conference of the Utah mission of the Methodist Episcopal church. The sessions began at the Methodist Episcopal church, Ninth East and First South streets, yesterday morning. Bishop Moore's address was at the meeting of the Women's Foreign Missionary society.

"The woman's movement is one of the significant signs of the times," said the bishop. "Their influence is immeasurable and matches proof of their tenacity of purpose, and inspiration is found in the great number of souls brought into the fold by these noble workers in the ecclesiastical field. The devotion of women constitutes the bulwark of Catholicism rather than does St. Peter, and today Protestantism has taken on the same movement."

The bishop today understood that part of the church work is theirs and they are all working together with the single divine purpose of bringing to the world at large the wider, better knowledge of the Lord.

The bishop further spoke of the work of women in the mission fields and gave glowing praise to the workers both at home and abroad who have devoted their lives to the work of Christ. "Whether foreign or home," said the bishop, "the work is all the same—it is constant in its activity, and the difference in name but not in the locality of the work."

Work in Mexico and Japan. Speaking of a recent trip to Mexico in the interests of the work, Bishop Moore expressed himself as delighted with the progress being made, and the incalculable good resulting to the country. He spoke at length of the school work being done, the attitude of the people, and the painstaking efforts to learn. The fact that Mexico has for years been one of the established homes of the Catholic church, he said, was a great advantage.

The bishop also spoke of the work in Japan. He said that the progress being made in that country was also very encouraging. He spoke at length of the school work being done, the attitude of the people, and the painstaking efforts to learn. The fact that Japan has for years been one of the established homes of the Catholic church, he said, was a great advantage.

SIDEWALK WORK TO BE RESUMED

Utah Fireproofing Company and Board of Public Works Reach Agreement.

ESTIMATES ARE PROMISED

CONTRACTORS REFUSE TO LAY WALKS WITHOUT MONEY.

A conference was held yesterday between Chairman Fred U. Leonard of the board of public works and Thomas Owens, president of the Utah Fireproofing company, which holds contracts for the construction of sidewalks in the city, at which an understanding was reached. If this is carried out it will result in the resumption of work on the sidewalks of the city within the next few days.

Work was ordered discontinued by the board of public works a few days ago, the company alleging that estimates that should have been furnished them were not delivered by the city engineer's office. Some of these estimates should have been furnished last March, according to Mr. Owens.

The cessation of work on the sidewalks threw 150 men and from seventy to ninety teams out of employment. Because of the understanding reached, these men will go back to work early next week, if the promises made by the city are kept.

"As soon as the city pays us for the work that has been done," said Mr. Owens, "work will be resumed. The work was ordered discontinued because of the absence of these estimates. The company now has between \$25,000 and \$30,000 coming to it. We have demanded the payment of all money due to Aug. 1 before work is resumed."

Subordinate Is Blamed. "Mr. Leonard says that the failure to deliver the estimates was caused by a mistake of a subordinate engineer, and this will be rectified at once, and the estimates will be ready for the city council at its next meeting Monday night. As soon as this matter is attended to, we can go ahead. We have worked on promises for some time now, and we want to see some money."

The work that has been tied up pending the settlement in Districts 24, 36, 38, 39 and 40, comprising about twenty miles of cement walks.

MASONS MEET IN NEW HOME

Utah Scottish Rite Members Hold First Session in Their Temple.

The first meeting to be held in the handsome new building of the Scottish Rite Masons took place last evening.

While much in the way of interior furnishing remains to be done, the building is now ready for occupancy. The total cost of the building and grounds is given in round numbers at \$100,000, of which \$13,000 is represented by the site.

Ketchup that catches the eye and pleases the palate. That's MOUNT'S; comes in pint or quart bottles.

Journment 11:30, and these hours will be observed through the following days of the session.

Proceedings in Evening. After the opening hymn at the evening session Rev. Samuel Blair made a brief address on the subject of Methodism.

Many of the settlers in the days of the early settlement, Christians and in all the history of Christianity, have been men and women who were poor, unable to build churches or support ministers. It is one of the finest and best equipped buildings owned by the Masons in the entire west.

Referring to the Ogden church, Mr. Blair said that this structure stood as a monument to the everlasting greatness of the Church Extension society. Started in boom times, with a liberal subscription list, the inevitable decline in values left the church half completed. Here at the crucial moment the society came to the rescue and the work was carried to a successful consummation. Further money was borrowed but the church prospered until today it stands free of debt on its own ground, and gaining steadily in strength and membership.

Dr. P. D. Boyard next took the platform and spoke
